

Total Event Support

We have the experience and skills to help turn your vision into a reality, although based in the Lakes we are happy to travel anywhere in the UK mainland or further afield if your funding allows. We can assist you in designing and delivering your project, these can include

Outdoor Event Management - want to run an event of your own? Do you know what to do next? Then let us take the burden of responsibility from you and help guide you through the stages of your event. With experience of co-ordinating events of 1000+ you can expect an efficient service with high quality throughout.

Support staff - our highly experienced staff are committed to delivering the highest standards with the right attitude, this comes as standard on all Total Adventure events. However if you are struggling to find the right people for your event or just had a last minute change, then give us a call so we can help.

Equipment hire - with our mobile fleet of kayaks and canoes we are able to float 100+ people at any one time, this number can be increased with notification. We also offer a large number of climbing harnesses and helmets for corporate hire.

Charity Zip lines - now proving more popular than ever, this can be delivered as a stand alone activity or as part of your fundraising day/event. Prices include professional rigging, equipment, rigging setup, de-rig and clean up / removal. There is no additional charge for your banners or props.
